YOUR VOICE IS HEARD!**

## **BACKGROUND**

A developer has proposed to build a 10 story high, 195-unit luxury apartment complex on the vacant lot at 105A S. Huntington Ave, next to the North American Indian Center of Boston. The proposal is awaiting a vote by the Boston Redevelopment Authority.

## **YOUR VOICE**

The BRA has hosted one community meetings about this project in Mission Hill. The JPNC is hosting this additional community meeting to ensure that the community has had a full and fair opportunity to express their support for or opposition to the project before the BRA makes a final decision.
